HONSARO LOSES TO BASS LAST NIGHT

THE RUSSIAN BULL WINS FIRST TWO FALLS

FRASER WIN IN PRELIM

Largest Crowd So Far Witnesses Match Last Night—Orchestra Played Between Falls

Johnny H. Bass, the Russian Bull, last night threw Bob Honsaro, of Council Bluffs, two consecutive falls in the third of a series of mat cards promoted by the local American Legion post, at the State Teachers College gymnasium.

The first fall came after 26 minutes and 30 seconds and Bass won it on a wrist lock and a hammer lock. He had Honsaro in the wrist lock and the latter twisted his body in such a manner that Bass worked his arm into a hammer lock and Honsaro was forced to give in.

The second fall came after 12 minutes and 35 seconds of grappling and was gained by a combination of the flying mare and the double wrist lock. Bass secured the hold and threw Honsaro over his head. Then he followed through and pinned Honsaro's shoulders to the mat.

This hold, which is a specialty of the Russian Bull's is one that, once gained, is unbreakable. When it is followed through properly the man underneath can do nothing to prevent his shoulders from being pinned to the mat.

When Bass used the flying mare on Honsaro last night the latter gave vent to an emphatic "Ouch" and Coach Maynor, the referee counted him down.

In the preliminary "Grapplin" Fraser, of the State Teachers College, won a point decision over "Bad Steve" Lamar, of the same institution. In the opinion of the referee Fraser scored 30 points to 25 for Lamar.

During the intermissions between matches and falls music was furnished by the De Luxe Novelty Orchestra.

At the beginning of the program last night "Shike" Smith entertained the audience with a solo and a dance. This was entertaing for the audience and lucretive for "Shike" as he passed his hat after the act and likely collected a weeks wages.

Between falls of the match last night Edward W. Gray, for the American Legion, asked the pleasure of the spectators as to whether or not the Legion should continue promoting the series of matches. The crowd responded in the affirmative.

The crowd last night was by far the largest that has been drawn to a wrestling card so far. Practically all of the ringside seats were taken and the balcony was comfortably filled.

ELMO STUDENTS PUBLISH A BOOK

HISTORY CLASS WORKS INTERESTING PROJECT

HISTORY OF ELMO IN WAR

Book Tells of Community's Participation In World War and Men Who Fought

A unique and interesting project in American history has just been worked out by the senior class of the Elmo High School under the direction of Superintendent L. L. Livengood. It is in the form of a little book entitled, "War History of Elmo and Community." The project was worked out with three purposes in view, namely; its interest to the community, a souvenir for the men who were in the service of their country during the World War; and the excellent training given to the pupils in its preparation.

The members of the class, who did the work, are: Alfreda Castillo, May Colvin, Clevia Ecker, Donna Kinman, Lucile LaMar, Henry McIntyre, Dale Phillips, Thelma Reece, Arcelle Vansickle, Wilbur Woods, and Helen Marjorie Ferguson.

The book consists of twenty-four pages composed of four chapters. The first chapter, entitled "The Community" deals with the founding of the town of Elmo and its gradual growth to its present size. The first marriage, birth and death are recorded as are the additions made to the original site of the town.

Chapter two on "The Men Who Went West" deals with the biography of the men who served in the army and navy of the United States during the World War. The war record of fifty-one men is mentioned in this chapter. Those, who died in the service of their country, are mentioned first.

In the third chapter on "War Time Activities" the work done by the citizens of Elmo during the war is recorded. The aid to the Red Cross, Liberty Loan drives, Thrift stamps and other war benefits, is brought out. The exceptional interest taken in the Red Cross and the number of things that were done to raise money for this cause are well written.

In the fourth chapter on "War Time Prices" a comparison of prices as they were before the war, during the war and after the war is made. How prices raise on account of a war and how the value of a dollar decreases are all shown in this chapter. Interesting comparisons in prices of commodities such as sugar, flour, salt, corn, wheat, shoes, food hardware and implements are shown in the book.

Mrs. Inez Cummins Wins in Contest

Mrs. Inez G. Cummins of Parnell won first prize in the millinery contest conducted by the St. Joseph Gazette. The winning hat will be of brown candy cloth. Her description said: "The hat is to be of brown candy cloth. The brim is to be faced and bound with almond green candy cloth with cellophane grapes and flowers attached to the left of the brim."

"This is good," said the practical milliner, just as soon as she laid eyes on Mrs. Cummins' design. She laid it down and every few minutes picked it up again to say such millinery-wise things as "Isn't that chic?" "The lines are so good." "There is real style to this design." "This is very good."

Everett Renshaw left today for Chicago to attend school. He is a former student of the S. T. C.

Maryville Fans Enjoy a Circus Via the Radio

An innovation in radio entertainment was enjoyed by Maryville fans last night when they "took in" Al G. Barnes three-ring circus. The circus was performing at Dallas, Texas, but came to Maryville over the radio in good shape. The announcer could almost make you believe that you had a seat right in front of the sawdust ring. "The little lady with the trained leopards," or "The only singing mule in the world," were some of the acts coming through the air. Even the oratory of the red-lemonade boy and the candy-kiss man could be heard. Al G. Barnes, himself, made a short talk.

What will the radio bring next?

Kansas City, March 27—Governor Hyde will not appoint a police commissioner for Kansas City today—perhaps not for several days, according to an assertion made by the chief executive upon his arrival here at Union Station from Jefferson City.

"I am too busy with my own affairs today to name a commissioner," he declared with a laugh. "Besides I am tired and am going to take a rest for a few days. The Governor announced his intentions of leaving here sometime this afternoon for Trenton, his former home.

Hyde Is Unchanged on Murder Verdict

Jefferson City, March 27—Letters were sent out from the executive office today to all parties who had made an effort to secure clemency for James H. Seward, who is to be hanged at Hillsboro, Jefferson County tomorrow. The letters were dictated by Governor Hyde before his departure for Kansas City last night.

He expressed regrets that the investigation into the case failed to show any reason why Seward should not pay the extreme penalty. All of the records in the case, the Governor said, showed that Seward had been given fair trial by an impartial judge of ability and that he had been well-defended. Seward was convicted for the murder of Andrew Deck in February 1921.

Houston, Fible to Pay 50 Per Cent

Kansas City, March 27.—The first dividend, 50 per cent, will be paid tomorrow to the creditors of the defunct brokerage house of Houston, Fible & Co., it was announced today by J. W. RATES ARE REDUCED FOR STATE MEETING

FOR DELEGATES TO GREATER MISSOURI CONVENTION.

MANY HERE WILL GO

Four Delegates and J. F. Hull, Chairman—If Others Go a Pullman May Be Chartered.

With the announcement that reduced fares will be granted to delegates to the Greater Missouri meeting at Jefferson City, April 6 and 7, it is possible that Maryville and Nodaway County delegates may charter a special pullman to go to the meeting. The proposition is being discussed today and if sufficient number from here goes a pullman may be chartered for the meeting.

There will be five delegates from here in addition to others who may attend. The appointed delegates are: Roy Lippman from the Nodaway County Farm Bureau, G. L. Wilfley and E. C. Curfman from the Maryville Chamber of Commerce, James Todd as representative of the newspapers of the county, and J. F. Hull, who is chairman of the committee of sixteen, which has issued the call for the organization meeting.

Kansas City, Mo., March 27.—Reduced passenger fares have been authorized from all points in Missouri to Jefferson City, Mo., for the meeting of the Missouri Association, which is to be held on April 6-7. Tickets will be on sale April 3 to 7 inclusive, with final return limit of April 11.

A reduced rate will be granted providing there are 250 or more in attendance. Parties attending this meeting should pay full fare to Jefferson City, securing a one-way certificate from the selling agent, which should be surrendered to teh secretary upon arrival at Jefferson City. He will authorize validation for the purchase of the return ticket at one-half the regular fare.

These rates will also apply to the dependent members of families of the delegates attending this meeting.

According to J. F. Hull, chairman of the Missouri Press Association Committee of Sixteen, the returns already received from the call for the meeting that was sent out on March 17 insure a fine attendance of newspaper men, and he calls attention to the fact that the County Farm Bureaus of the state will be holding a meeting in Jefferson City on April 6 which insures a splendid agricultural representation.

The chambers of commerce and other business organizations will be equally well represented according to John M. Guild, chairman of the Committee on State Chamber of Commerce, the two movements however, having been consolidated, looking to the formation of just one body—The Missouri Association. While a large number of delegates of these business organizations have not yet been reported it is because of the necessity of local meetings throughout the state to officially name them, but this is being done and with promise of a fine attendance of other business men.

While besieged by innumerable individuals and organizations for places on the program at the Jefferson City meeting Mr. Hull and Mr. Guild, who are the committee on arrangements, announce that the only speakers so far put on the program are Governor Arthur M. Hyde and Harvey T. Hill, General Secretary, Illinois Chamber of Commerce. Both of these will speak at an evening session April 6 that will, like all of the other sessions, be held in the hall of the House of Representatives in the capitol building. The evening before the big meeting separate and joint meetings of the Press Association Committee and Chamber of Commerce Committee will be held to formulate final recommendations on form of organization at which a sub-committee of three editors, Messrs. Fred W. Mitchell of Excelsior Springs, J. H. Miller of Lees Summit and M. L. Francis of Slater, will make their report.

Great Actress Was Calm and Serene To Last—Interment Will Probably Be Friday

Paris, March 27—Messages of condolence from all nations poured into Paris today expressing the sorrow of the world over the death of Madame Sarah Bernhardt, "Divine Sarah," who died last night.

The body was embalmed today and placed in a rosewood coffin. Her dead face was serene and calm just as it had been in life, even to the Valley of Death. Her only son, Maurice, was present, when she died, and is making the plans for the funeral. International honors will be paid her and it is expected that all nations will be represented at the funeral. Interment will probably be Friday.

President Millerand and Premier Poincare were among the first to extend sympathy to members of the family. They said that they felt a great French citizen had been removed from their midst and a great force for extending French friendship throughout the world, had been lost.

Father Riesler, of the Roman Catholic Church, who administered the last rites to the eminent actress, said today that he had never seen such a peaceful death. The theatre Sarah Bernhardt, named after and owned by Madame Bernhardt, was draped in mourning today. Leading theatres of the city will close out of respect to her memory. Leading playrights and actors throughout all the European countries have signified their intentions of attending the funeral.

A Mother Sets Fire to Daughter and Self

Feared Prosecution in Trial—Tragedy Caused Because She Befriended a Boy Waif

Eagle Pass, Tex., March 27—Early today Mrs. Cormen Linares, turned her little cottage on the outskirts of this town into a flaming funeral pyre, and she and her 14-year-old daughter, Maria, the innocent cause of it all, perished. The night clothes of both had been saturated with gasoline and the mother then set fire to them, because she feared prosecution on the charge preferred against her for assault with intent to kill of Joe Gonsagles. The bodies were burned to a crisp before aid could reach them.

The tragedy was a result of the kindness of Mrs. Linares to Gonsagles, who befriended him as a waif, took him into her home and provided for him. One day, when she returned home, she found him attempting to assault her daughter. Angered she seized a hammer and attempted to beat him to death. She was arrested but released on bond to await her trial. Fear of being sent to the penitentiary was attributed by her friends as being responsible for her actions. Joe Gonsagles is in the hospital but will recover.

Jefferson City, March 27.—The status of the "housing trusts," or so-called three per cent companies will be legally defined by Attorney-General Jesse W. The repeal of section 10263 under which the companies had been organized, placing the three per cent companies under the provisions of the building and loan code, left the companies suspended in mid-air.

POSTOFFICE STARTS MOVE TO BEAUTIFY MAIL BOXES

Agents Will Ask Rural Oowners To Paint and Repair

An effort is being made by the postoffice department to have the rural mail boxes made objects of beauty along the country highways rather than the dilapidated, unpainted receptacles they are at present. When the postoffice inspectors make the semi-annual tour of inspection over the rural mail routes in April they are instructed by Postmaster General New to notify the owners of the mail boxes to paint them, to print the name of the head of the family on two sides of the box, and, if the box is dilapidated, to replace it with a new one.

It is not expected that any patron of the postoffice department will seriously object to complying with the requests. Many of the rural mail boxes are in bad condition, the galvanized iron coating worn off by the weather and the bases in bad condition, making the boxes unfit to receive mail. It is desired by the department that all boxes be painted white, that the posts or standards upon which the boxes are fastened also be painted white, and that on two sides of the box the name of the head of the family be printed in black letters, one inch in height. This will make the boxes objects of beauty along the highways, and easily located, and the life of the boxes and posts will be materially lengthened.

While mail delivery will be discontinued to patrons whose mail boxes are unfit to receive the mail, no mail will be discontinued if the boxes are not painted. Only when the box is not waterproof or there is no door to the box and thereby danger of the mail being carried away by the wind, is the rural carrier instructed to discontinue mail delivery. It is not expected that this will be necessary in this county.

Are You Proud of Your Home Grounds?

Is Asked by C. C. Leeson of the College—Advocates Planting Shrubery Now.

As you walk to your place of business or take an afternoon stroll, look over the lawns as you go and size up their attractiveness on the basis of their permanent plantings. Get some ideas from the best of them and then if your own lawn is a back number or belongs in the ugly group, get busy with plans and planting. Now is the time to plant for permanency and not when your neighbor's plants are in full bloom. You can plant your posy beds later, but you will be more certain of getting the shrubs to grow now.

If you want a shrub for an all round purpose, shapely, compact, beautiful bloom, free from pests, hardy to grow, fitted for any place choose the Bridal Wreath (Spirea Van Houttei). You can use several of them to start with and if you never go any further your property looks and value will go up 500 per cent of the cost of the plants.

If you want something low for a low porch, use the Japanese Barberry (it is immune to the wheat rust), or Snowberry, or Spirea Anthony Waterer, or nicest of all, though not as hardy, the snow-ball hydrangea (Hydrangea paniculata grandiflora).

Among the taller shrubs that are perfectly hardy are the Tartarian Bush Honeysuckle, the Red Stemmed Dogwood, Flowering Currant, Golden Elder, Mock Orange, Persian Lilac, Amoor River Privet.

Do not plant too close to the building. Don't clutter up your yard. Round out the corners and foundations. Plant in groups. Keep your lawn and views open. Leave out the washtubs and stone piles. Plant at foundations, sides and backgrounds, not at the front of the lawn. You can't get much growth under a maple. Fertilize and plant well.

Maryville will be judged largely by its homes and its homes by its lawns. Do your bit of patriotism to make Maryville a "City Beautiful."

Pleasant View Views

This winter weather has been bad on the farmers of this community as many have lost ther spring pigs. F. L. Clayton lost 65, Elmer Carver 60, Pete Wonderly 30. Others lost quite a number.

Egg production has greatly diminished. Mrs. George Martin and Mrs. J. J. Wonderly have been getting over two hundred though. They own the White Leghorns. They are right in the chicken business Mrs. Martin has four incubators running with a total capacity of some 750 eggs.

Farm work is rather backward. Oats planting will be late as it will be some time yet before the fields are dry enough to work. Very little spring plowing has been done with a lot to be done. W. E. Brittain has 70 acres of sod to break.

Wheat is looking fine, this wet weather being just what it needed. The freezing and thawing has not been good for it.

Several new families have moved into our community Orville Everhart has moved to the John O. Nelson farm, Orville Lewis has moved in with his father-in-law, R. R. Campbell.

Oscar Anderson has moved to the McGeorge farm which he purchased.

George Hanley has moved to the farm belonging to Mrs. Alfred Martin.

Mr. Carl Weathermon had the misfortune of losing one of his best mares last week. He found her in the pasture with her neck broken. He is unable to account for the cause of her accident.

Corn has been selling for 70 cents but is higher now. Anderson Bros. sold some over 2000 bushels for 70 cents Carl Weathermon sold his surplus corn for 70 cents.

A three act comedy play entitled, "Always in Trouble," was given at the school house Friday night March 23. The play, which was snappy and full of laughs, was well received by the large crowd that attended. Following is the cast of characters:

Master Your Job If You Will Grow

Not one of us but knows that our efforts to master the responsibilities of our job is the chief factor of our personal growth. These new abilities and capacities stand ready to be brought forth in amazing degree by all, from the vice-president and the superintendent down, once the dislodgment of King Ignorance an dGeneral Fear can be brought about. For then there wll be enough responsibility to go around—with out the foreman "hogging face" from his men, because the "super" is forced to "hog" it from him Then employer and employee will be quite willing for their mutual advantage to agree upon this fundemental assignment of rewards; for the young worker or executive, the maximum feasible opportunity to demonstrate by his job the caliber of his manhood; for the old, the maximum feasible security in the assurance, not merely of his food and shelter, but of the status and standing which he gained through the manliness demonstrated by his acceptance of that maximum opportunity. If you are a constipation victim you need Bran that is ALL BRAN

Kellogg's Bran, cooked and krumbled, is so delicious and inviting that thousands of families use it constantly to make enticing bakery batches, such as bran muffins, pancakes, raisin bread, etc.; they eat it as a cereal, and many sprinkle it on their favorite cereal, its nut-like flavor having a fine appeal.

Many more thousands of people eat Kellogg's Bran every day of their lives because it has permanently relieved them of constipation and the dangers of dreaded diseases that constipation leads to. If you are suffering with constipation you need ALL BRAN — Kellogg's Bran — with its permanent corrective qualities. Foods that are part bran can never give the desired relief because they do not contain sufficient of the elements that Kellogg's Bran naturally contains.

When you know that constipation heads directly to Bright's disease and other ailments, there is no time to be lost in experimenting. Kellogg's Bran, delicious in its patented cooked and krumbled form, becomes an immediate necessity. If it is eaten regularly (two tablespoonfuls daily; in chronic cases with each meal)—it will relieve constipation permanently! Your physician will recommend Kellogg's Bran. It will free you from proprietary pills and cathartics which are as system-racking and almost as dangerous to health as constipation itself!

Serve Kellogg's Bran regularly. Watch the health of your entire family improve. It is wonderful for children. Kellogg recipes are printed on each package. All grocers sell Kellogg's Bran, cooked and krumbled.

Bert Cooper, director of extension work at the Teachers College, will go to Fairbury, Nebraska next week where he will conduct a series of meetings in vitalized agriculture in Atchison County. Chicago Woman Liquor Victim

Beauty Shop Owner Dies Following a "Party" With Moonshine Whiskey

Chicago, March 27—Miss Elizabeth Orsinger, 28, fascinating owner of a beauty shop, died in a hospital today after having been stricken at a moonshine party last Friday night. Two men from Dubuque, Iowa., who were members of the party, according to the girl's shum, Miss Edna Watson are being sought.

She said that one of the men was staying in a down town hotel and called Miss Orsinger on the phone suggesting that she bring along a friend so they might "have a party." All had some beer, according to Miss Watson, then accepted the invitation of the men to go to their hotel room where they might sample some real liquor. Immediately after sampling the contraband liquor, Miss Watson told the authorities, her chum became violently ill and was sent to a hospital upon advice from physicians, who were hastily called in.

MRS. G. W. HALL SICK FOR YEARS

Wants Women to Know How She Was Made Well by Lydia E. Pinkham's Vegetable Compound

Lima, Ohio.—"Indeed, your medicine is all you say it is! I had very severe troubles such as women often have, and could do no heavy work. I was sick for several years, and from reading your ads. I finally decided to take Lydia E. Pinkham's Vegetable Compound. I am now doing my own washing, which I haven't done for several years, and can walk long distances without those dragging pains and weak feelings. The Vegetable Compound is fine, and I never forget to say a good word for it to other women when they say they need something."—Mrs. G. W. HALL, 539 Hazel Avenue, Lima, Ohio.

There are many women who find their household duties almost unbearable owing to some weakness or derangement. The trouble may be slight, yet cause such annoying symptoms as dragging pains, weakness and a run-down feeling.

Lydia E. Pinkham's Vegetable Compound is a splendid medicine for such conditions. It has in many cases relieved those symptoms by removing the cause of them. Mrs. Hall's experience is but one of many.

Teacher of Today Has No Standing

Says an Instructor Writing in April Issue of Scribner's Magazine

The commanding figure and arbiter of scholastic standards was formerly the celebrated teacher—the man whose chief concern was the making of men. Today, the teacher, however successful, has little or no standing whatever. On the contrary, the man who devotes himself to presenting his subject in the most attractive and interesting form; who looks upon the development and cultivation of man's physical, mental, and moral faculties as a calling and not mere day labor, or burdensome hack work; who reaches his students, stirs their imagination, and fires their ambition; who even gains their admiration and respect; that man is actually looked down upon by a number of his colleagues in the faculty. I have seen this happen to some of my friends during the past year. To succeed in understanding and interesting the students in certain colleges today is to arouse immediately the suspicion of a large number of your confreres. It is also proof positive that you are soft-headed as well as soft-hearted. These are sweeping statements, yet they have their basis in fact, as many who have honestly tried to teach can testify. From "The Ban on Teaching," by an Instructor in the April Scribner's.

A New Excuse For Lateness

Baseball Men Start Outdoor Work Today

Coach Maynor Takes Candidates For Team Out For the First Time This Afternoon

Outdoor baseball practice started at the State Teachers College this afternoon. Coach Maynor had a score of men out on the diamond batting the ball and limbering up in a general way. For the past two weeks some of the candidates for the team have been working out in the gymnasium at the College but no real work has been indulged in.

Prospects are good this spring for a crack ball team at the College although from present indications it would seem that the team would be weak in some of the positions.

On the mound Maynor will have Dixon and Coleman, both of whom have had some experience at burling but behind the bat he will have to develop a man to receive the deliveries of his pitchers. Howell England and Webb Young are the best bets so far for the catchers berth. Both of these men have caught some and it is likely that one of them will be developed into a good man.

On first no one has shown up who could easily cop the position. It is probable that Waller, who usually plays in the outfield, will be shifted to the initial sack.

At second, Sims, a vocational student, should ably fill the bill. According to Coach Maynor, who has seen him work, he is a "ham up" second baseman.

At short "Hickory" Leech will likely find a resting place but at third no one looms certain.

In the outfield "Joie" Egley and Steiger both should easily cop a place.

That leaves third base and the other out-field position to be filled from about ten men who are out for some place or another.
